

YOU'VE GOT A BOLD IDEA FROM YOUR RESEARCH – NOW WHAT?

Whether it's a spark or already taking shape: The Top-Talents-Track is your launchpad to turn your innovation into impact.

Benefits of the Top-Talents-Track

The programme offers selected participants a unique opportunity for personal and professional growth:

- **Kick-Off Event in Berlin**
Start your journey with an inspiring in-person event to connect with peers and mentors. Travel scholarships are provided.
- **Digital Workshops and Career Talks**
Engage in expert-led sessions on future skills and the founder mindset—from storytelling to innovation. Featuring role models who share their personal entrepreneurial journeys.
- **Peer-to-Peer Exchange**
Collaborate in interactive formats over the three-month programme to share experiences, ideas, and insights with like-minded peers.
- **Personalised Career Consultations**
Receive one-on-one guidance to shape your next steps and connect with YES partner organizations, including university innovation centers.
- **Networking Opportunities**
Meet entrepreneurs, intrapreneurs, trainers, researchers, and consultants. Learn from their successes—and failures—to shape your own path.
- **Visibility & Reach**
Gain recognition through YES communication channels to boost your ideas and projects.

Selection Criteria

We welcome applicants from research who:

- are currently doing a PhD or have completed a PhD
- are affiliated with a German University or research institution
- have a concrete start-up idea
- demonstrate innovative thinking and a commitment to advancing their field or project
- are proactive, collaborative, and eager to contribute to the programme's community.

Applicants are selected based on their entrepreneurial drive, the breakthrough potential of their idea, and their willingness to actively engage. We especially encourage women and marginalised groups to apply. **Please feel encouraged to apply if your idea is not fully developed.**
