# The potential to accelerate your research as an entrepreneur...

## Create impact

- Translate your research into value.
- Focus on the right thing: make the world a better place.
- Deep-Tech: Solve a relevant problem with your research.

## Personal growth

- Build on strengths and your expertise.
- Expand your network.
- Grow along your challenges.

## Accelerate your research

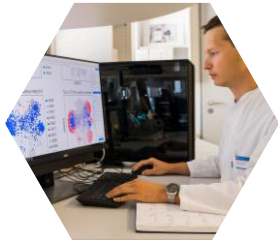

- Gain autonomy over your career.
- Drive your ideas, hypothesis and research mission.

# We form the entrepreneurial ecosystem at TUM

## Research & Innovation

*We inspire, promote and **develop talents** [...] to shape the progress of innovation!*

## Research to market

***Domain-specific** support and guidance throughout your entrepreneurial journey together with **TUM ForTe Entrepreneurship!***

## Scaling

*We turn **visions into value!***

## Teaching & Research

Joint supervision of student thesis & joint lectures.

## Research transfer

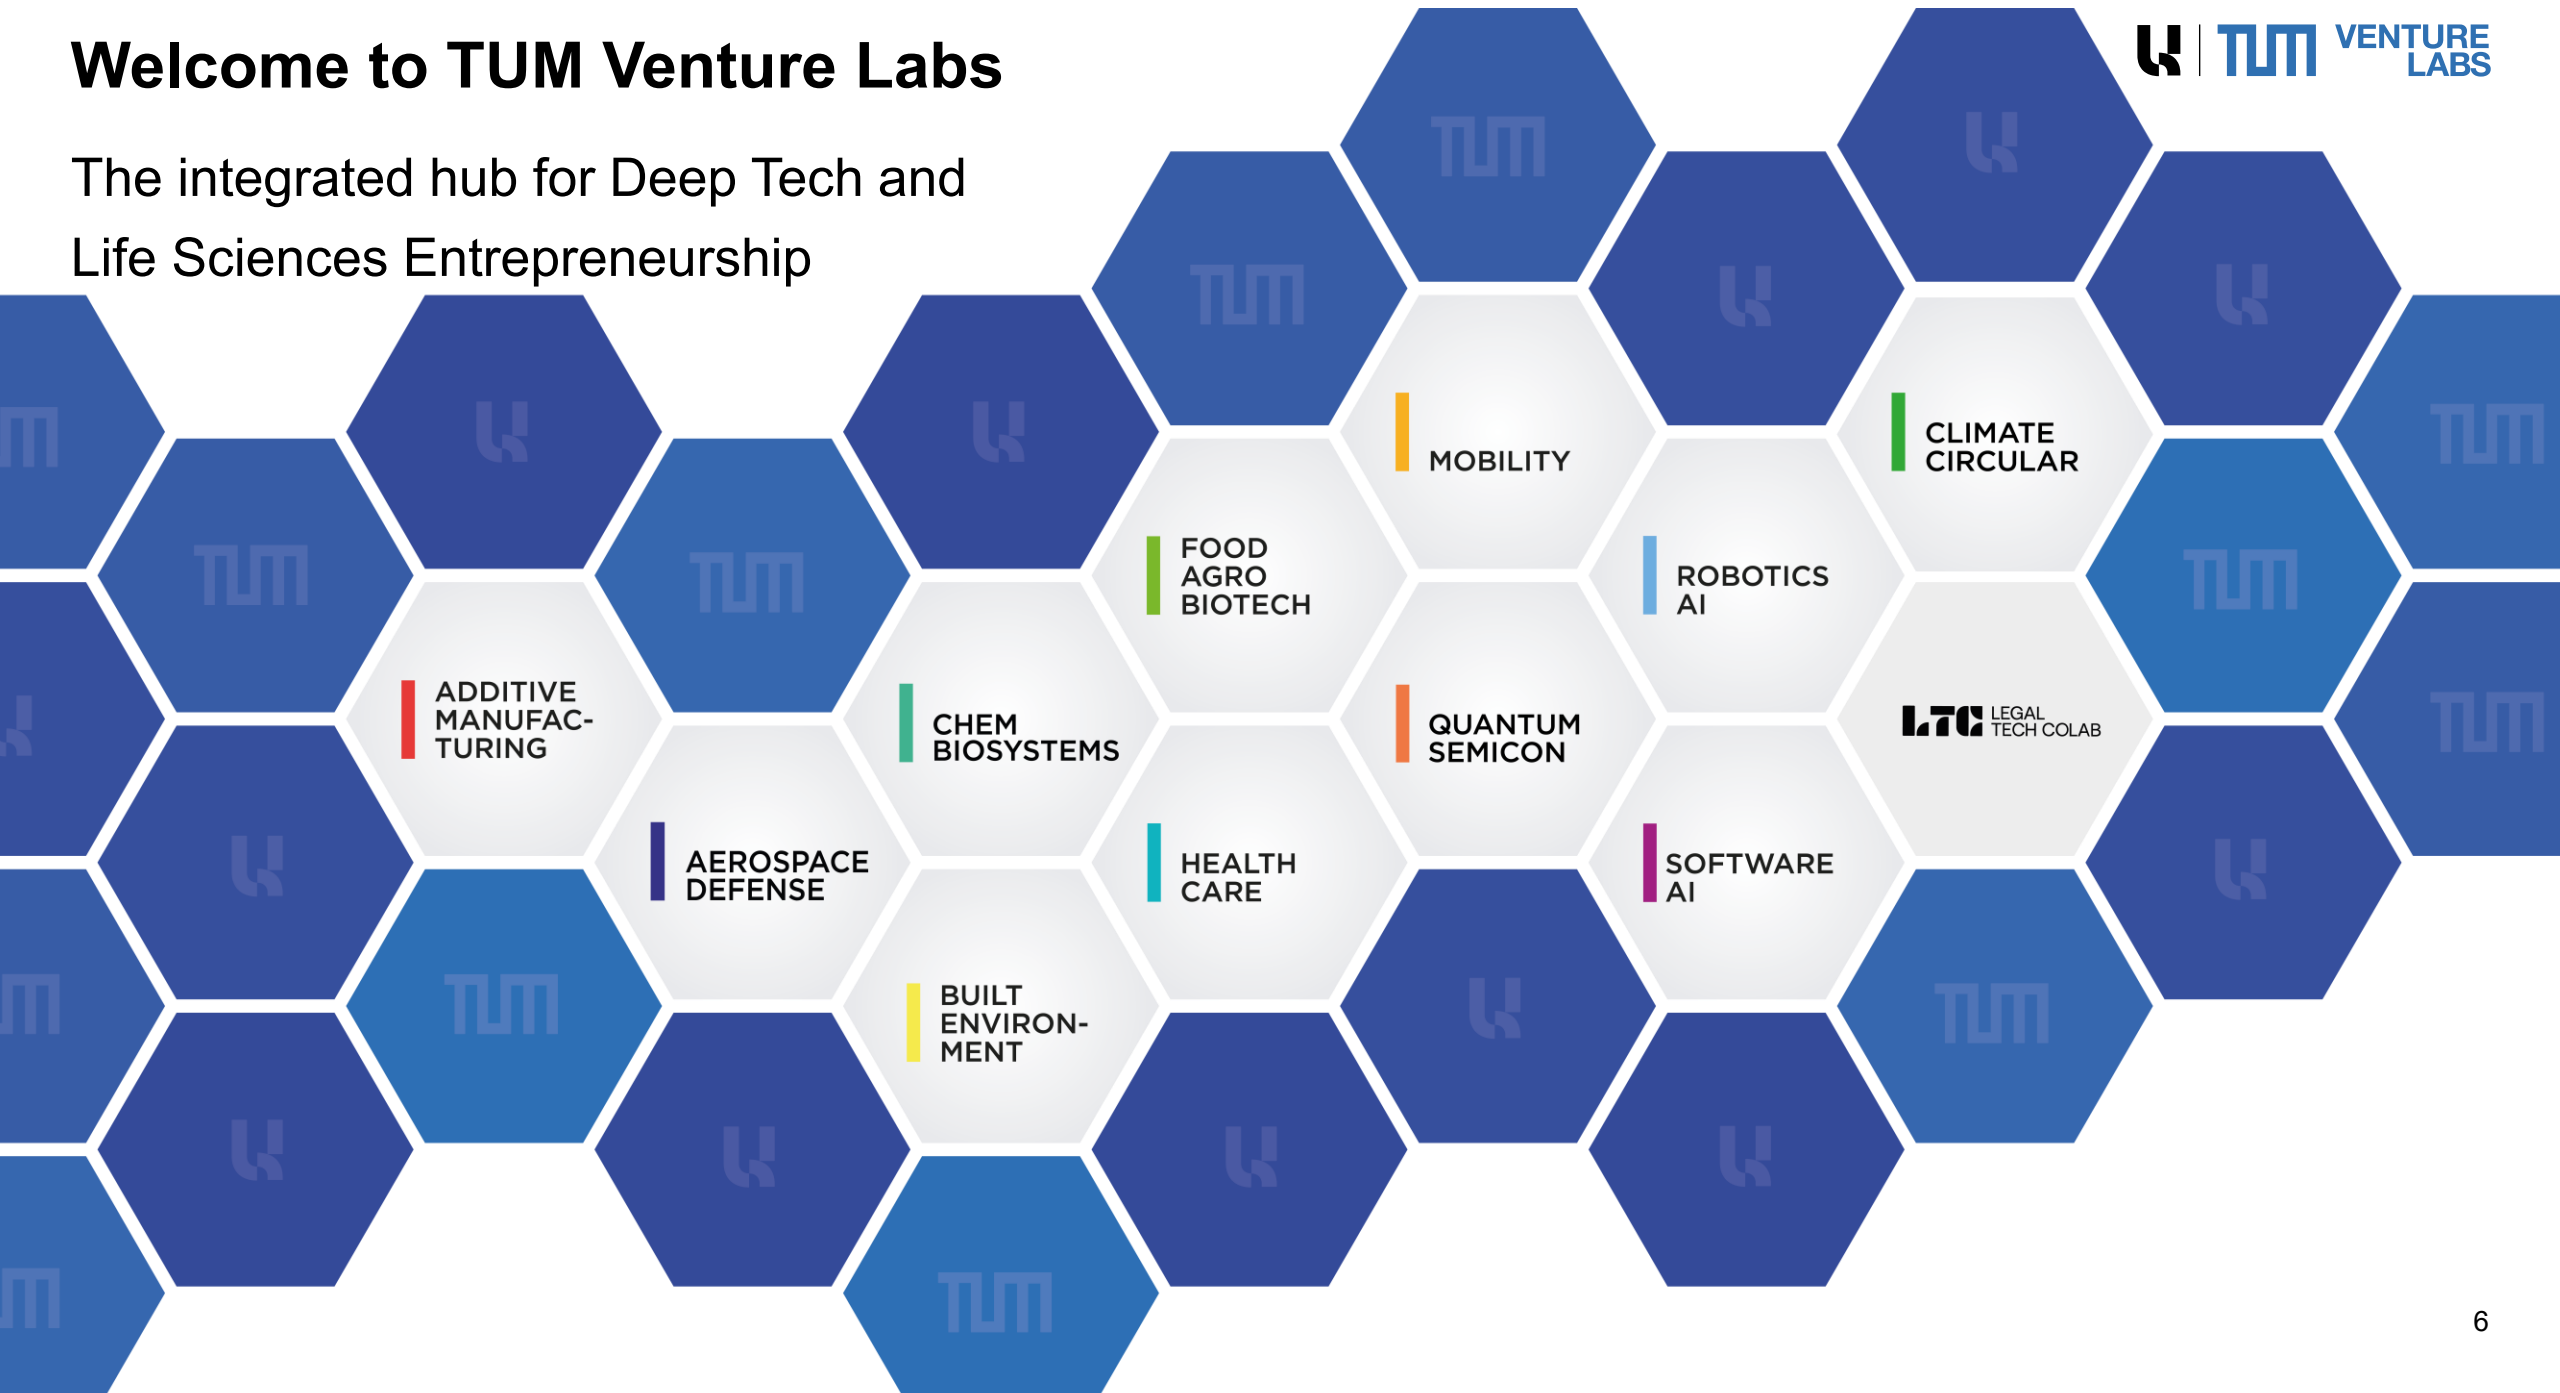

MicroClasses, Innovation transfer formats, IP & IP strategy support, public funding & grant support

## Venturing

Co-Founder matchmaking, Infrastructure, Mentor & Expert network, Acceleration & Incubation programs

# Welcome to TUM Venture Labs

The integrated hub for Deep Tech and  
Life Sciences Entrepreneurship

# Our ecosystem infrastructure offerings

## Institutional equipment

Access to **resources from TUM** – e.g., including **clean rooms**, measuring **equipment**, **computing** resources, etc..

## Prototyping facilities

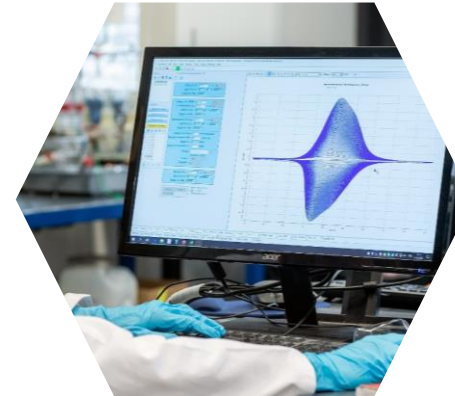

Specialized spaces for **developing, testing, and refining prototypes**, such as Makerspaces or TUM Venture Labs facilities.

## Access to laboratories

**Wet & analytical labs** with **infrastructure** and equipment for **conducting experiments** and research.

## IT tools & infrastructure

**Advanced tools, software, and high-speed connectivity**, including solutions from TUM Venture Lab partner Dassault Systems.

## Office space

**Fully equipped and centrally located offices** with meeting rooms and networking opportunities.

## Sciencepreneurship Office Hour

You are looking for a format to discuss your questions about IP, co-founders, funding, or the next step?

Register to our monthly Sciencepreneurship Office Hour ([LINK](#))

→ next SP Office Hour: 15.06 (4-5pm)

## IdeaLab: Validate your research ideas

You are looking for a format to start with? What about the **IdeaLab** ([LINK](#)), a 2-day workshop for doctoral candidates and postdocs to transform your research into commercial applications.

→ next IdeaLab: 25.08 & 26.08

# Thank you!

**Dr.-med. Tobias Ruzok**
